Meeting: IRG#22 @ Chengdu

Title: Follow up action items regarding Ext-C1 unification work

Keywords: (none)

Status: Expert Contribution

Reference: WG2 N2573

During the WG2 meeting #43, DPRK ad hoc group consisting of experts from relevant national bodies was organized to address the issues and the group brought up some important items which require immediate attention in terms of unification work of Ext-C1 under development.

Here's the excerption from WG2 N2573 on 6 Ext-C candidates which should not be appeared in the next version of C1 set:

Existing C1 candidates: 6

FABB EXT. C2, p 423, No. 16482:

Resolution: according to Annex S, this C1 candidate should be unified with U+7DF4
