

# <Comments and Requests for Ext C1(D3)>

26 NOV 2004 Korea  
Seung Jae Lee(local secretary of Korea)

## 1. Requests

### 1) deletion of characters from <K5H00574> to the end in D3

→ In our last meeting in Chengdu IRG committee decided that the characters from <K5H00574> to the end in CJK table should be deleted. But the characters that should be deleted still remains in D3. We think that the characters from <K5H00574> to the end in 'N1077\_CJK\_C1\_Ver.3.2-D3.2' should be deleted.

### 2) comments for shape and strokes

→ We think that the information for the shape of characters and the sequence of strokes should obey the rules of the GangHui Grand Dictionary. Any new shape of characters have to be based upon the GangHui Grand Dictionary.

### 3) comments for changing the shape of characters

→ We request that two characters 【K5H00141, K5H00272】 should be changed in their shape.  
(See the bmp file k5h00141.bmp and k5h00272.bmp)
