Date: 2006-11-27

Title:	Submission of 57 characters of Place Names for Extension D
Source:	China
Status:	Input to IRG
Action:	
Distribution:	IRG Members and Ideographic Experts
Reference:	
No. of pages:	2
Medium:	Electronic

From 2004 to March 2006, the Ministry of Public Security of the People's Republic of China has issued over 150 millions of ID cards with IC chips.

There are 57 characters used for Place Names. These characters were not submitted before.

We submit these 57 characters to Extension D.

Only glyphs are here, other information will be submitted later.
