Universal Multiple-Octet Coded Character Set
UCS

Source:	DPR of Korea
Title:	Proposal to add C1 of KP characters.
Status :	
Actions required	To add CJK Ext. C1
Distribution:	IRG#27, Sanya, China, 2006-11
Medium :	Electronic

We had already submitted 91 characters to CJK Ext. C1 in IRG#22 and worked for 2 years.

In September 2006, all KP C1 character is removed from the CJK Ext. C1.

We are prepared KP C1 TrueType Fonts to IRG#27.

"FontsFormatForC1.xls" is containing only 58 KP character codes.

So we are preparing 58 KP characters with TrueType fonts.

We propose to add these characters to CJK C1.
