

Universal Multiple-Octet Coded Character Set

UCS

ISO/IEC JTC1/SC2/WG2 **IRG N1300**

Date: 2007-05-23

Source:	Committee for Unification of Computer Chinese Character Encoding, Government of Macao Special Administrative Region
Title:	Consolidation List of Macao Characters Submitted to CJK D
Status:	For IRG Editorial Group review & discussion
Distribution:	IRG Members and Ideographic Experts
Medium:	Electronic

Attached is a consolidation list of Macao characters (totally 103) submitted to CJK Extension D, for easier review in IRG editorial group. The Macao source no., character glyph (bitmap image), KangXi index, KX radical, KX radical codepoint, first stroke, stroke count, IDS information and IRG report no. submitted of each character are provided for reference.

Please note the following two points:

- 1) As stated in IRG N1297, MAC00029 , which was submitted in IRG N1249, is duplicated with MAC00016 , which was submitted in IRG N894. We have formally requested (in N1297) to remove MAC00029 from our submission to CJK D. Therefore, MAC00029 is missing in the attached list.
- 2) For MAC00035, the glyph in the attached list  has minor difference (one dot less) with the one we submitted in N1249 .

When IRG review the characters, please use the list attached as the updated one. If there is any necessary amendment afterwards, we will inform IRG then.

In summary, Macao has submitted characters three times up to now:

IRG No.	No. of Characters Submitted	Status
IRG N894	22 characters	<ul style="list-style-type: none">● 16 characters in CJK C.● 6 characters in CJK C remainder before, pending for review in CJK D.
IRG N1249	54 characters (55 characters submitted originally; one duplicated character was found and removed in IRG N1297.)	<ul style="list-style-type: none">● Pending for review in CJK D.
IRG N1274	43 characters	<ul style="list-style-type: none">● Pending for review in CJK D.
Total	119 characters	<ul style="list-style-type: none">● 16 characters in CJK C (completed).● 103 characters (6 + 54 + 43) pending for review in CJK D.

Appendix: Consolidation List of 103 Macao Characters Submitted to ISO10646 CJK D.
