We checked two characters (IRGN1299\_Part2) that have been submitted by R.O.Korea. More information on them is provided below to help resolve cognate/non-cognate judgment.

### 1. not unifiable

We have some evidences of this character. First, this character is a person's name. And the pronunciation is 'ok'. You can check this website(<http://www.koreanhistory.or.kr/newchar/>) any time.
