

IRGN 1334

This is a supplementary document to IRGN 1316 Appendix C.

The component represented by IDS  几二 is identified as the Vietnamese variation of 風, 风. The following four CJK C characters have matches to the encoded characters except the component 風. There are also two same instances within CJK Extension B.

- U+21359 埕 vs U+21475 壩
- U+29091 震 vs U+2910F 震
