## **IRG R.O.Korea Activity Report**

### **1. CJK Ext.B Multi Column Review**

Following ISO 10646, the Korean Mirror Committee of IRG reviewed the 166 Korean Hanja characters in CJK Ext. B K Column. As a result, the following two resolutions were adopted:

- (1) That the glyphs in CJK Ext. B Multi Column should basically conform to ISO 10646, but
- (2) That the four glyphs U+25525, U+20E0C, U+2101F, and U+27C0F, as listed in IRGN1427 Clause 2, should, however, conform to the glyphs in CJK Ext. B Multi Column.

The newly revised fonts for the Korean Hanja character glyphs CJK Ext. B K Column are to be presented at this meeting.
