Title: Additional Information for the Proposal on Jurchen Characters

Source: China

Action: For review by JTC1/SC2/WG2

References: WG2N3618, WG2N3628, WG2N3639

Per requirements in the Jurchen Ad hoc report (WG2N3639), this paper provides additional information for the previous proposal on encoding Jurchen characters (WG2N3628) which was proposed by China at WG2#54 in Dublin, 2009-04.

Requirements in WG2N3639:

(a) *Provide the mappings and pronunciations based on Jin Qizong's book.*

All characters' pronunciations are shown in the Phonetic Transcription table below.

All the characters are sorted exactly by the order of that in the *Jurchen Characters Dictionary* (《女真文辞典》) edited by Jin Qizong (金启琮), readers of this paper can check up them in the dictionary one by one. Their locations in the dictionary are shown in the table below.

(b) *Provide a revised version of the table showing the correlation between the Jurchen font from China NB and Jason's font.*

Shown in the table below.
