

**Resolutions from the JTC1 plenary in Rio de Janeiro (JTC1 N5748)
regarding Cultural and Linguistic Adaptability**

April 28, 1999

Resolution 44a - Cultural and Linguistic Adaptability and User Interfaces

JTC 1 accepts document N 5629, the report of the CLAUI Technical Direction Ad Hoc meeting, and the recommendations contained therein, except as noted in Resolution 44b and with the following modification to recommendation 13:

"If there are any known requirements for cultural and linguistic adaptability, please specify these requirements on a separate page."

Unanimous

Resolution 44b - Cultural and Linguistic Adaptability and User Interfaces

Regarding N 5629, JTC 1 does not accept recommendation 12 concerning an addition to the Business Plan.

2 Objections: Denmark, France

=====

Recommendations from JTC1 N5629, modified in accordance with the resolutions from Rio de Janeiro in JTC1 N5748

Recommendation 12. Text for business plan

The CLAUI TD recommends that the following text be added to the JTC1 Business Plan form in N 4298:

"3.4 CULTURAL AND LINGUISTIC CONSIDERATIONS

Each JTC 1 subcommittee assumes responsibility for ensuring appropriate assessment of cultural and linguistic requirements for its projects by addressing this annually in the project business plan."

Recommendation 13. Text for NP form

The CLAUI TD recommends that the following text be added to the New work item Proposal form, after the question "Are there any known requirements for coding?"

"Are there any known requirements for cultural and linguistic adaptability?

-If yes, please specify on a separate page"

"If there are any known requirements for cultural and linguistic adaptability, please specify these requirements on a separate page."

Remark: JTC1 N5629 is document SC22/WG20 N633
