

### Samsung Extended Emoji Support

To: UTC  
From: Jeremy Burge (Emojipedia)  
Date: 2017-12-20

This is a current list of Unicode characters with Emoji=No that display with emoji presentation on Samsung devices running Android 7.0 and above.

These can be browsed at <http://emojipedia.org/samsung/> with non-standard additions listed at the end of the RGI emoji.
