Ideographic Rapporteur Group
(IRG)

Source/Contribution Identifier : Hong Kong Special Administrative
Region, China (HKSAR)

Meeting : 43rd IRG Meeting in San Jose, USA

Title : Activity Report

Status : Member Submission

Activity Report of the Hong Kong Special Administrative Region

Adoption of ISO/IEC 10646

1. During the period from 1 May 2014 to 31 October 2014, the HKSAR Government received applications to include a total of 74 characters in the Hong Kong Supplementary Character Set. All the applications have been carefully examined and verified. All 74 characters were found in the ISO/IEC 10646 standard; assignment of new code points was therefore not necessary.
2. In accordance with the IRG Resolutions M42.2 and M42.3, the Office of the Government Chief Information Officer (OGCIO), in conjunction with the Official Languages Division (OLD), has reviewed the CJK Extensions F1 v3.0 and F2 v2.0 and provided feedback to the IRG for consideration and discussion at the 43rd IRG meeting. The comments offered mainly concern radical, stroke count, font quality, and unification of the proposed characters. The OGCIO and OLD have also reviewed and commented on the IRG PnP Version 7 Draft 1 (IRGN2016).
