1. Submission for CJK Extension

China proposes 1,074 Hanyu Da Zidian (漢語大字典) characters and 1,268 Zhuang characters (壯字). See IRGN2115 please.

2. Revision of Dot Matrix Fonts Standards

The standard fonts are required for ideograph processing products using dot matrix fonts in the market of Chinese mainland. There are 30 GB (national standard) and SJ (industrial standards) on dot matrix fonts. It is planned to revise 19 of them by the year 2018. The fonts of 15×16, 24×24 and 48×48 will cover CJK to CJK_E.

3. Hosting SC2 meetings

China will host IRG#46 in 2016, SC2 and WG2#66 in 2017.

End.
