Title: Activity Report

Status: Member Submission

## **Activity Report of the Hong Kong Special Administrative Region (HKSAR)**

### **Adoption of ISO/IEC 10646**

1. During the period from 1 June 2015 to 31 October 2015, the HKSAR Government received applications to include a total of 78 characters in the Hong Kong Supplementary Character Set (HKSCS). All the applications have been carefully examined and verified. All 78 characters were found in the ISO/IEC 10646 standard; assignment of new code points was not necessary.
2. The HKSAR Government is reviewing the procedures and principles for inclusion of new characters in the HKSCS in view of the latest development of the horizontal extension proposal put forward in the IRG.
3. In accordance with the IRG Recommendation M44.3, the Office of the Government Chief Information Officer, in conjunction with the Official Languages Division, has reviewed the CJK Extension F2 v4.0 and provided feedback to the IRG for consideration and discussion at the 45<sup>th</sup> IRG meeting. The comments offered mainly concern unification, radical, stroke count and font quality of the proposed characters.
