1. The Working Group of Chinese Language Interface Advisory Committee (the Working Group) convened its 27th meeting in April 2024 to examine applications for inclusion of characters in the Hong Kong Supplementary Character Set received during the period from November 2023 to March 2024. Most of the characters submitted are already included in the ISO/IEC 10646 standard. After careful examination of the applications, it was considered that assignment of new code points or horizontal extension was not necessary.

2. Applications received after March 2024 will be examined and verified at the 28th meeting of the Working Group tentatively scheduled for November 2024.
