1. Next IRG Working Set Submission

Following IRG Meeting 66 Recommendation M66.08 (IRG N2909), which sets an upper limit of 2,500 characters per submission, TCA plans to submit approximately 1,500 to 2,000 characters for the next IRG working set. These characters come mainly from the following sources:

- **Personal/Place names:** Sources include Dept. of Household Registration, M.O.I. (Ministry of the Interior), Dept. of Land Administration, M.O.I., the Judicial Yuan etc.
- **Minnan/Hakka characters:** Sources include Wu Shouli's (吳守禮) *Dictionary of Taiwanese Characters* 《國臺對照活用辭典》.
- **Characters in historical literature:** Sources include the characters collected in the Ministry of Education's *Dictionary of Chinese Character Variants* (《異體字字典》), Academician Fong-Mao Lee (李豐楙), a Daoist priest, and his team also compiled a list of Daoist characters in common use. These characters come mainly from *Dao-Fa Hui-Yuan* (道法會元).

2. TCA Horizontal Extension (IRG N2972)

TCA has submitted a horizontal extension proposal (IRG N2972). Some experts have privately sent me feedback with suggestions on the following five

characters: U+203A6, U+23E25, U+2403D, U+23CFE, and U+25337. When IRG N2972 is discussed, TCA will explain these glyphs specifically.
