

Doc Type: Working Group Document  
 Title: UK Horizontal Extensions  
 Source: UK  
 Status: Member Body contribution  
 Action required: To be considered by the IRG and ISO/IEC JTC1/SC2/WG2  
 Date: June 28, 2026

During the review process for IRG Working Set 2024, the following characters were unified with already encoded CJK unified ideographs. The UK requests to make horizontal extensions for the following characters based on the discussion records for IRG Working Set 2024.

Block	Code Point	UCS Glyph	UK Glyph	UK Source Ref.
Ext. F	2D0E7	2D0E7 刂 18.7 刂 18.7 刂 KC-04853	刂	UK-30032
Ext. F	2D3EB	2D3EB 土 32.12 土 32.12 土 KC-00755	土	UK-30590

Note that the UK glyph of U+2D3EB has RS=11 and TS=13, which is different from the UCS glyph of U+2D3EB with RS=12 and TS=14. Suggestions are welcome as to whether the different stroke count should be reflected on the code chart or in the Unihan database.

The relevant discussion records are as shown below.

00270	18.0 刂				刂 UK-30032	IRGN2932WS2024v5.0Unified&Withdrawn Unified to 刂 U+2D0E7, IRG 65. Unified to 刂 U+2D0E7, IRG 64.
	刂 刂					
	SC=7, FS=5, TS=9					

00920	32.0 土				土 UK-30590	IRGN2932WS2024v5.0Unified&Withdrawn No change, IRG 65. Unified to 土 U+2D3EB, horizontal extension suggested, IRG 64.
	土 土					
	SC=11, FS=2, TS=14
