

Charts for the Unicode Ideographic Variation Database

Moji_Joho collection

July 14, 2025

These charts show representative glyphs for the ideographic variation sequences registered in the 2025-07-14 version of the Unicode Ideographic Variation Database.

Terms of Use

You may freely use the code charts for personal or internal business uses only. You may not incorporate them either wholly or in part into any product or publication, or otherwise distribute them without express written permission from the Unicode Consortium. However, you may provide links to these charts.

The fonts and font data used in the production of these charts may NOT be extracted, or used in any other way in any product or publication, without permission or license granted by the typeface owner(s).

The Unicode Consortium is not liable for errors or omissions in this file or the standard itself.
